Summary

Driven and self-motivated GIS professional with IT and GIS experience with the City of Plymouth, Eagan and Brainerd. Skill set includes cartography, mapping, and geospatial data, along with hands-on experience using ArcGIS applications. Ability to create and modify geographic data from a variety of sources including text files, hard-copy maps, GPS data and field notes. Ability to translate or convert data from external GIS file types. I am eager to advance my career and utilize my undergraduate GIS and Urban Planning knowledge and skills.

Education

University of Minnesota Minneapolis, MN
Bachelor of Science in Geography
Focus Area: Urban Studies and Geographic Information Systems (GIS)

Graduated May 2023

Employment History

City of Plymouth Government Plymouth, Minnesota
GIS Intern/Technician, 2025 / 2026

- Processed and cleaned WinCan and SewerAI sewer inspection datasets to prepare them for import into Cartegraph
- Assisted staff and created workflows for the use of ESRI's ArcGIS system
- Performed regular data quality assurance/quality control (QA/QC), attribute normalization, and error correction on sanitary sewer and water asset data using as-builts and CAD data
- Created map series for trunk lines due for cleaning and televising
- Aided with mapping/GPS/locate ticket requests from the public works department
- ADA compliant transitioning
- Collected data using a Trimble GPS and integrated it into the cities Enterprise system
- Prepared accurate and clear maps for multiple city departments and for the public

City of Eagan Government Eagan, Minnesota
Seasonal GIS Technician, 2024

- Conducted daily field work to collect essential information and assisted in preparing and updating utility maps
- Aided in the creation and entry of GIS utility data into storm modeling servers
- Managed multiple tasks as directed, demonstrating strong multitasking abilities
- Operated field data collection equipment
- Created MS4/Storm modeling reporting layouts to seek out utilities in need of repair and clean-up

City of Brainerd Government Brainerd, Minnesota
GIS Intern, 2023

- Used mapping software to analyze spatial data and design digital maps
- Updated planimetric data using recent aerial photos to ensure accuracy of physical features in the GIS system
- Built geocoding locators to facilitate efficient spatial analysis and data visualization
- Geocoded police incidents, fire calls, and housing rentals, enabling identification of patterns and hotspots for improved public safety and urban planning

- Collaborated with the construction and utility department to establish new GIS/CAD maps incorporating infrastructure for precise spatial representation
- Utilized GPS technology to update sign and tree inventories
- Created a light inventory web map and report for BRD airport assisting in maintaining functional facilities
- Collaborated with city planners and transit planners to create new and update current maps of local infrastructure

University of Minnesota Athletics Minneapolis, Minnesota
Court Assistant/Ticket Taker, 2021 / 2022 / 2023

- Welcomed and greeted patrons with a friendly demeanor, ensuring a positive and enjoyable experience from entry to exit
- Effectively managed long queues and crowd control enhancing overall customer satisfaction
- Resolved issues and aided patrons with special needs, demonstrating empathy, patience, and strong commitment to customer service
- Collaborated with event staff, security personnel, and other departments to coordinate seamless event operations and address arising challenges

Camp Olson YMCA Longville, Minnesota
Media Specialist, 2021 / 2022

- Responsible for managing Camp Olson YMCA's online presence, overseeing the organizations social media accounts, including Facebook, Instagram, and the blog.
- Regularly updated social media accounts, promptly answering parents' questions
- Captured, screened, and uploaded over 100 photos daily to showcase camp life
- Managed both the digital and brick-and-mortar camp store operations including customer service, retail sales, and inventory management
- Organized incoming mail and that important correspondence was processed in a timely manner
- Dedication to creating an engaging and informative online presence to build positive relationships with parents and campers

Camp Olson YMCA Longville, Minnesota
Camp Counselor, Counselor in Training Leader, 2018 / 2019 / 2022

- Responsible for setting standards for a safe, friendly, and fun cabin insuring a harmonious living experience for all campers
- Directed and led a group of sixteen-year-olds over four weeks, including an 8-day hike on the Superior hiking trail
- Counseled and handled conflicts with campers
- Supervised. Guided, and planned the activities of the cabin group
